Appropriateness test

As an investor, you will be categorized by Return Investment A / S ("Return Investment") as a retail customer in relation to the execution of this subscription, which you submit unsolicited and without prior investment agreement / interview. Return Investment is not obliged to provide investment advice regarding this product, but must in principle assess whether this product is suitable for you. It involves an assessment of whether you have the necessary experience and the necessary knowledge of the risks associated with this product. If Return Investment deems that this product is not suitable for you, you will be informed.

Expected investors:

The product is intended for investors with financial knowledge and experience who can afford to lose the entire amount invested. The product is intended for investors who are interested in an increase in their wealth, risk hedging and a leveraged position. The product is aimed at investors with a long time horizon and may not be suitable for investors who plan to withdraw their money within 1 year. The typical investor in the product is an investor who takes high risk and who invests a minimum of DKK 750,000. (so-called "semi-professional investors").
